device and charging pad.

FCC Part 18 Compliance Statement: •CAUTION: Changes or modifications not expressly approved by the party responsible fo operate the product.

limits for a wireless power transfer, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

•NOTE: This equipment has been tested and found to comply with the limits for a wireless power transfer, pursuant to Part 18 of the FCC

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiving

 Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 Consult the dealer or an experienced radio/TV technician for help. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. . Stecken Sie den Stromadapter in die steckdose. 2. Verbinden Sie das USB(USB 2.0) Ladekabel mit dem Stromadapter und den Mikro USB Anschluss mit dem Lade

3. Die LED-Beleuchtungen schalten sich aus, nachdem sie mit
Blau- und Rotlicht zweimal abwechselnd beleuchtet haben. Quick-Charge Funktion kann nur mit einem QC 2.0/3.0 Standard S ppter genutzt werden. Strom Adapter muss separat erworben werden. **LED Licht Status** Die LED-Beleuchtungen schalten sich aus, nachdem sie mit Blau- und Rotlicht zweimal abwechselnd beleuchtet haben enn das Produkt zum ersten Mal angeschlossen wird Standby-Modus LED Leuchte aus Beim Laden

4. Legen Sie das Produkt nicht in die Nähe einer Karte mit Magnetstreifen und/oder Chip (z.B. Kreditkarte oder Ausweisdokument), um Schäden daran zu vermeiden.

Geräten ein (z.B. Herzschrittmacher oder Hörgerät), um Interferenzen zu vermeiden.

Sie können ein separates, kabelloses Ladegerät oder -hülle verwenden, um das Gerät kabellos aufzuladen, wenn dieses so etwas unterstützt.

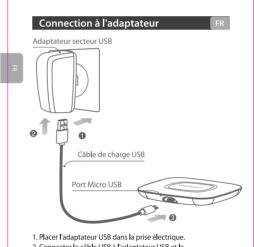

6. Für Kinder unzugänglich aufbewahren.

chargement.

哑

• Poids: 1.71oz (48g)

*Si se detectaron fragmentos de metal:

Asegúrese de que no haya fragmentos de metal entre el dispositivo y la plataforma de carga.

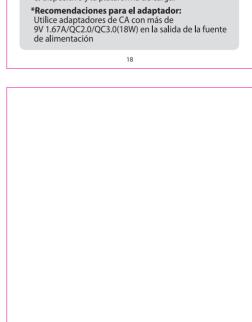

No coloque el producto demasiado cerca de una tarjeta con un chip o banda magnética (por ejemplo: tarjeta de identificación o de crédito) para evitar fallas magnéticas o mal funcionamiento del dispositivo.

5. Mantenga una distancia mínima de 20 cm entre los dispositivos médicos (por ejemplo: marcapasos o audifonos) y el producto con el fin de evitar interferencias. 6. Mantenga el producto fuera del alcance de los niños. Las imágenes que se muestran son pautas y ejemplos del uso del Portable Fast Wireless Charger F301W (Cargador Inalámbrico Rápido Portátil F301W) y pueden diferir del producto real.

Aquellos dispositivos que no pueden cargarse de forma inalámbrica, se puede usar por separado una conexión o estuche cargador inalámbrico para cargar el dispositivo de forma inalámbrica.
